

WHAT TO EXPECT AT THE HOLIDAYS!

During December, there are many holidays that my family might celebrate. A holiday is a special day (or days) that are important to my family.

There are many things that my family will do to get ready for the holiday. I can help!

Maybe we will...

Decorate the house,

Or cook lots of food...

Or sing special songs!

My house will look a little different,
and my family might be doing things
that seem strange, but I will have fun
with all the new and exciting things!

I know if I get worried, I can talk to my
family and they will help me feel
better.

One thing we will do is open presents.
Maybe I got that new toy I wanted!
My family will tell me when it is time
to open gifts. No peeking!

Even though things are different in my
house, I know I don't have to worry,
because I will have fun with my family!
